

Station::getSpoor

```
graph LR; A[Station::getSpoor] --> B[Station::properlyInitialised]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'Station::getSpoor'. The right box is white and contains the text 'Station::properlyInitialised'. A dark blue arrow points from the right side of the gray box to the left side of the white box.

Station::properlyInitialised
