

Spoor::getLijnNr

```
graph LR; A[Spoor::getLijnNr] --> B[Spoor::properlyInitialised]
```

A diagram showing a dependency. On the left, a gray rectangular box contains the text 'Spoor::getLijnNr'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'Spoor::properlyInitialised'.

Spoor::properlyInitialised
