

Tram::Tram

```
graph LR; A[Tram::Tram] --> B[Tram::properlyInitialised]
```

A diagram illustrating a state transition. On the left, a gray rectangular box contains the text "Tram::Tram". A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text "Tram::properlyInitialised". Both boxes have a thin black border.

Tram::properlyInitialised
